Folks,

GOOGLE DRIVE FOR TROOP 220 PHOTOS

=====

You probably received a message from Google such as the below (see way below). The idea here is to create a BSA Troop 220 Google-Group-based Google Drive for members of the troop to upload photos of events so that they can be shared among the troop members (Parents and Scouts). At this point this is a free-form experiment. Anyone should be able to create a Folders and upload or download photos. I have created two Folders "2018-0416-COH" and "2018-SummerCamp-Gorham" and have uploaded a couple of photos to the summer camp folder so you can experiment.

GUIDELINES FOR USE:

=====

The idea here is for people to "collaborate" without the Troop management having to administrate the folder closely because this can be very time-consuming. So we will have some guidelines for what you can and cannot do and the beginning of these are listed below.

1. Do NOT upload anything other than Troop photos
2. Do not sure this system to share anything that does NOT pertain to Troop business
3. Do not upload multiple copies of the same photo
4. If there are many similar copies of a particular photo please pick the best one and only upload that copy

5. Beware of how much memory is left. Look to the left side of the screen and you will see something like "3.2 GB of 15 GB used". This tells you how much space you have left. Keep a close eye on this value.
6. You may create directories that are relevant to the photos you upload but stick to this naming convention:
YYYY-MMDD-<description>
for example: 2018-0416-COH (Court of Honor)
7. If too many directories are created it will take forever for your screen to update when you access the drive.
8. Export photos (from your photo manager) to the smallest format possible but still retaining good quality. This is necessary in order to save space on the drive.
9. DO NOT DELETE ANYTHING except photos you have uploaded. If you are unsure then don't delete anything.
10. Do not create folders below to the top level. IOW, create folders only within "Shared with me > BSATroop220"

CREATING A FOLDER:

=====

You can create additional folders and add photos by clicking the "NEW" button in the upper left part of the screen. Just to the right of the "NEW" button should be a "Map" of where you are. For example, "Shared with me > BSATroop220" is what you should see when you first get into the Troop's Google Drive. You should then see a list of folders below that which you can access. You can also create folders here. To get into a folder, just click on the folder below and it will open up. For example, when you double-click on "2018-SummerCamp-Gorham" the top part of the screen now shows: "Shared with me > BSATroop220 > 2018-SummerCamp-Gorham". Do not create folders below to the top level. IOW, create folders only within "Shared with me > BSATroop220"

YOU NEED AN ACCOUNT:

=====

When you click on the "Open" button in the email from Google, in order to access the Troop's Google drive you may be asked to create a Google account. You will need to do this in order to get into the drive. You should use the email address which you have submitted to the Troop which has been added to the Group Email list.

ADMINISTRATION OF THE GOOGLE DRIVE:

=====

The administration of this Photo drive will very likely be administered by one of the Scouts with parental supervision. I will be speaking to the Troop leads to figure out how this will be done in the near future. If you are a parent and would like to be responsible for the parental oversight part of this, email me separately.

IF YOU HAVE ANY PROBLEMS TRYING TO ACCESS THE DRIVE LET ME KNOW. I HAVE TESTED IT AND IT WORKS FOR ME BUT YOUR CASE MAY BE DIFFERENT.

ALSO, THIS DRIVE IS ONLY ACCESSIBLE BY MEMBERS OF THE TROOP'S EMAIL LIST

ONLY (SAME AS THE GOOGLE GROUP FOR THE TROOP).

Thanks,

Paul Donner
